

Get into the game with FieldLink

a press box codec for sideline reporting

COMREX
BROADCAST RELIABLE

FieldLink Field Tap

- ✓ Allows for two sideline reporters simultaneously with built-in return audio
- ✓ 2 Gigabit Ethernet ports - power-over-Ethernet port for Wireless Access Point (WAP) & port for WAN connection
- ✓ Comrex-recommended WAP has up to 300m range & works with other approved WAPs
- ✓ Sideline Encode / Decode: Opus Mono 64 or 128 kb/s
- ✓ Studio Codec Upgrade - applied as hardware license
- ✓ Studio Encode / Decode: Opus Mono 64 or 128 kb/s
- ✓ Designed to work with the free Comrex FieldTap app
- ✓ USB-C power using provided external 30W power supply
- ✓ Can be licensed for use with Comrex Switchboard & is CrossLock capable (using a single WAN port)
- ✓ Front panel connectors to / from ACCESS NX Portable using mix-minus mode
